To the East Brandywine community, our police and fire fighters are people that we count on but often don't think much about. They serve us but we seem to not notice the work that they do….until we need them to help us. The owners and staff at Applecross Country Club would like to change that thought process. We would like to recognize their missions in our community and help them fulfill them.

All proceeds from the outing will go directly to the East Brandywine Police & Fire Departments. We hope that you will help us give back to those that serve our community so well.

Schedule of Events:
